Dear Brian,

RE: Australian Clay Target Association Engagement

I write this letter on behalf of the Shooting Australia Board and as a result of discussion coming from our Board Meeting of 17th June 2016.

We have today written to Rob Nugent the President of the ACTA, informing him that we will be contacting each State President directly. The Board of Shooting Australia is concerned with the disengagement of the ACTA from Shooting Australia under Rob's leadership.

There are a significant number of opportunities, initiatives, collaborations and discussions that the ACTA are not part of. The Shooting Australia Board as expressed to Rob, want to "ensure that the membership of the ACTA are meaningfully engaged and involved, and fully informed on the great things happening for this sport."

The Australian Sports Commission have made it clear to sports that governance is an area that they expect appropriate reform and progress in. The Australian Sports Commission have also detailed to us that their expectations are that organisations we work with must have sound governance practices and must be engaged in appropriate whole of sport strategy and execution.

The Board of Shooting Australia would welcome the opportunity to discuss with you and your State any item that you may wish to discuss. A representative of the Board and I would be more than happy to come to you at a convenient time or simply organise a phone call or coffee catch up. Should you wish to take up this opportunity please feel free to email the Shooting Australia President Cath Fettell at cathfett@tpg.com.au or myself at Damien@shootingaustralia.org or alternatively feel free to call our office on 08 8177 1860.

We look forward to hearing from you and to ensuring that together we create a sustainable and successful future for our sport.

Yours sincerely,

Damien Marangon
Chief Executive Officer
Shooting Australia
